

Take command of your audio zones, displays, lighting presets, and more with one tap. **TOUCHPAD.One 10"** sets a new standard for modern in-room control that features a sleek, capacitive touchscreen and visually stunning UI. Perfect for bars and restaurants, suites, event spaces, and conference rooms, **TOUCHPAD.One 10"** gives end users a new way to interact with their SAVI system.

**SAVI Glass** is included with **TOUCHPAD.One 10"**.

## KEY BENEFITS

- **SAVI Glass** makes it easier to create specific UIs for a single device, room views, or various locations throughout a facility through a new level of simplified customization
- Unlike anything on the market, **SAVI Glass** requires zero coding and offers a drag-and-drop widget grid system to design technically sophisticated and visually stunning in-room control for an unparalleled end-user experience
- Engineered for sleek responsiveness, featuring a 10" high-definition capacitive touch screen and Corning Gorilla Glass, delivering a high-quality, crystal-clear display built to last
- Powered and controlled via a single network cable, **TOUCHPAD.One 10"** streamlines installation by eliminating the need for secondary wiring
- Employs proximity sensing, entering sleep mode after five minutes of inactivity and reactivating when a user approaches
- Enhance security and device management with auto-lock timers, idle screen settings, and passcode protection
- Compatible with both standard Decora-style and SAVI back boxes, **TOUCHPAD.One 10"** fits any installation and mounting requirements
