Take command of your audio zones, displays, lighting presets, and more with one tap. **TOUCHPAD.One** sets a new standard for modern in-room control that features a sleek, capacitive touchscreen and visually stunning UI. Perfect for bars and restaurants, suites, event spaces, and conference rooms, **TOUCHPAD.One** gives end users a new way to interact with their SAVI system.

SAVI Glass is included with **TOUCHPAD.One**.

KEY BENEFITS

- **SAVI Glass** makes it easier to create specific UIs for a single device, room views, or various locations throughout a facility through a new level of simplified customization
- Unlike anything on the market, **SAVI Glass** requires zero coding and offers a drag-and-drop widget grid system to design technically sophisticated and visually stunning in-room control for an unparalleled end-user experience
- Engineered for sleek responsiveness, featuring a 5.5 high-definition capacitive touch screen and Corning Gorilla Glass, delivering a high-quality, crystal-clear display built to last
- Powered and controlled via a single network cable, **TOUCHPAD.One** streamlines installation by eliminating the need for secondary wiring
- Employs proximity sensing, entering sleep mode after five minutes of inactivity and reactivating when a user approaches
- Enhance security and device management with auto-lock timers, idle screen settings, and passcode protection
- Compatible with both standard Decora-style and SAVI back boxes, **TOUCHPAD.One** fits any installation and mounting requirements

SPECIFICATIONS

Control, Monitoring, and Network	
Memory	4 GB plus 64 GB (maximum supported expansion 128 GB)
Processor	CPU: MT8766A 4* Cortex A53 @2.0 GHz 12 nm GPU: IMG PowerVR GE8300
RAM	EMCP
Sensors	Proximity sensor (distance 0–30 cm)

Electrical

Connection	RJ45
Power input	PoE: Input 48~53 V power
Power supply	PoE

Mechanical/Environmental

Dimensions	5.6 in x 3.1 in x 1.2 in (HxWxD)
Display	- Display panel type: Full HD - Brightness: 300–400 cd/m² - Screen resolution: 1920 x 1080 - Multitouch: - Cover Glass/touch sensor film/touch sensor film (GFF) - Five points touch - Gorilla Glass 3
Housing	Aluminum and plastic
IP rating	IP54
Operating temperature	32 to 104 °F (0 to 40 °C) 10% to 93% rH
Storage temperature	14 to 122 °F (-10 to 50 °C) 10% to 93% rH
Weight	0.4 lb

Optional Accessories

5.5" Plastic Back Box	TP5-BB-P
